

To whom it may concern,

thirteen years ago, we launched the ARX Wind shutter hardware program on the market, but to this time the program did not come to life, as we all expected.

With this document, we would like to inform you about the beginning of termination of the program ARX Wind.

We accept your latest orders under the current sales terms, until 31.12.2018. After this date it will be possible to order spare parts under special conditions.

Spare parts will still be available for the next two years, from the day the program is terminated.

We do not accept individual product returns.

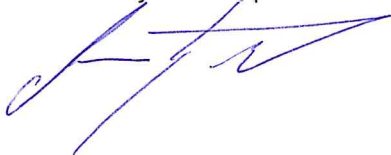

For additional explanations please do not hesitate to contact our sales office of Fittings. They will keep you informed, both with the progress of cancellation and with the sale of stocks.

Thank you for being part of the story. We believe that we will continue to cooperate in the future on other programs.
